Introduction

*"Why, man, he doth bstride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Each entry in this report relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Also, any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are included.

TRANSITING URANUS SQUARE RADIX VENUS - It is time to put a bit of sparkle into your love life. If you are married then you are likely to be restless, eager for changes that can add some romance and fun. Whereas once you were content to compromise your freedom for the comfort of a predictable relationship, now you will feel restless and caged in by any constraints placed on you. You need to communicate this to your spouse, while recognizing that you also need to be patient. Right now any problems in your most intimate relationship are likely to be forced out into the open challenging the commitment. You need to beware of jeopardising the benefits of your relationship in order to satisfy your short-term needs. The key is to focus on the love and understanding that exists in your relationship, while examining and find new solutions for the areas in which you feel constrained. If you are single then you may attract someone who is a real challenge. Romance is possible, but usually the road to love is not smooth. You are well advised to enjoy the vitality, but not to make a firm commitment until after this point in time. You may also experience financial tensions during this time.

Sep 13 2022 and Nov 2 2022 *(Jul 23 2022 to Dec 19 2022)*

TRANSITING PLUTO SQUARE RADIX MOON - Your home and family are undergoing changes right now. These can be unsettling or exciting, or both. If you try to resist the changes then you could feel anxious. A sense of trepidation does not help. The more that you embrace shift taking place within your family, the more that you will feel excited. You have an opportunity to gain greater insight into your own emotions and those of your loved ones. Someone near and dear may be upsetting you right now, either through his or her actions or because of circumstances beyond their control. Perhaps your loved one is making changes in their life or undergoing a tough time. This makes a strong impression and you find it more difficult to disengage your own hurt feelings. On the other hand you may be feeling restless within yourself, anxious to escape your usual routine and the attention of loved ones. Either way, your usual comfort zone is being challenged and you are unsettled. Ideally you manage to go with the flow, enjoying the change of pace and gaining greater understanding of your loved ones' and your own needs. The key lesson of this event is to learn how to maintain your equilibrium no matter how challenging the circumstances. Once you have mastered this technique you feel that you can take anything in your stride.

Oct 8 2022 (Aug 25 2022 to Nov 20 2022)

TRANSITING PLUTO CONJUNCTION RADIX MARS - During this transit you feel that you can take on the world and win and you probably can! This is a time of intense energy. You are clear, purposeful, and resourceful. You not only have the energy to start something, but also the power of completion. The challenge is to find a positive outlet such as sport or a demanding project, otherwise there is a danger that you could repress all of your energy resulting in outbursts of anger. You would also be wise to avoid taking risks or stepping into potentially dangerous situations. It is much more positive to use the tremendous energy available during this time to further your own life purpose and goals. The challenge of this period is to make the most of your opportunities for advancing your goals without riding roughshod over other people. There is a danger that your forceful nature triggers conflicts with other people. Alternatively if you have been passive for many years, this period could see all of your suppressed longings coming to the fore. Either way you may upset other people. The challenge is to act with the utmost integrity, to forge ahead with your own goals while still considering the feelings and needs of others. If you can attract co-operation, rather than competition, from those around you then you are much more likely to achieve your goals. Opportunities for success present themselves. As long as you don't squander your opportunities, then you are able to be highly successful in all that you set out to achieve. You can strike the right balance between working independently and co-operatively. You have the ability to assess your goals and ambitions with clarity and put in the required effort for success. In conclusion this is an ideal time for setting goals, making plans, enlisting other people's help and succeeding. At the end of this phase you may look back and see major changes to your relationships, work and lifestyle. On the other hand you may see the progress made towards achieving your goals.

Oct 22 2022 (Sep 24 2022 to Nov 20 2022)

TRANSITING SATURN CONJUNCTION RADIX VENUS - It is time to get serious about your relationships. In particular your marital union comes under close scrutiny. If you are already married then you are likely to reassess your commitment to your spouse in the light of your history with this person. If you conclude that this is indeed a strong and worthwhile bond then you make a stronger commitment to making this union work. You may decide on counselling to help resolve conflicts, or renew your marriage vows. You may also decide that you want to start a family or make a financial commitment to a home. On the other hand, you are now ready to face problems which you have let slip in the past, and anything which has stopped you feeling fulfilled within the relationship. This is the time when you are ready to break off a relationship, which falls short of your expectations. Consequently under this transit you could deepen your commitment through marriage or end the relationship after serious consideration. Your process of

reassessing the associations in your life also extends to friends and colleagues. You are seriously considering the support that is offered by all of those closest to you at work and home. Consequently your social life may be somewhat restricted. You may even feel a little lonely at times as you end some friendships. Money also comes under scrutiny now. You are reassessing your finances, perhaps deciding on a budget, making investments for the future or making a large financial commitment.

TRANSITING URANUS OPPOSITION RADIX NEPTUNE - Watch out for situations and other people who may not be all they appear. This is a time fraught with misunderstandings at best, and fraud at worst. You may feel the need to head for the hills; however, this is not the long-term solution. Do not take drugs during this transit. You would be better to direct your energies into positive spiritual pursuits while remembering that even these are subject to the flaws of human nature.

TRANSITING CHIRON OPPOSITION RADIX MIDHEAVEN - This is a metaphysical period during which you come to a greater understanding of your innermost self, and your roots. It is a time to tap into deep past wounds, particularly those involved your family. This may be painful, but it is also healing. You will discover resources that you never fully realised that you possessed. If you believe in past lives, then you may like to believe that you can utilise very old skills possessed in another lifetime. For instance you may have been a healer or teacher in a past life and these resources now come to the fore to be used again. You are changing at a very deep level and it is likely that your home and family will reflect these changes. It is also possible that your career and life direction will change as a result, clearing the way for greater spiritual purpose.

Firstly you have to heal old wounds and misunderstandings which have prevented you realising your goals. It is time to forgive and forget and move on with your life. Dec 17 2022 (Dec 4 2022 to Dec 28 2022)

TRANSITING SATURN CONJUNCTION RADIX SATURN - Your life is about to undergo a major change. This change can be gradual or sudden, depending on other aspects of your astrology. Whether or not this is a slow process, you now reap the rewards of past actions. In other words the knowledge that you have gained so far helps you make life-altering decisions. In a sense this period is a culmination point in your life so far. This event is known in astrology as the "Saturn Return" and occurs approximately every 29 years. It means that the planet Saturn has done a full cycle and returned to its original position in your birth chart. The first "Saturn Return", at approximately 29-years-old, is one of the most important times of your life. You are leaving behind childhood and reviewing your life through new, more mature eyes. During this time your past comes under close scrutiny. You are being compelled to tackle life with a new maturity. It is time to take responsibility for your own life. You can no longer blame others for the challenges that you have faced. This can be an exciting time when you realize that you are free of the bonds that have restricted you from achieving your ambitions. Perhaps you have been trying to live according to parental expectations or you have been responsible for a weak or sick parent. It is also possible that you have allowed fear to dictate your decisions. Now is the time to face your fears and forge a new life. On a more positive note you may have achieved many of your life goals and now you are ready for new challenges. Now you can change your path. Whatever your own personal process, changes are likely. These can include a different career, home, country, marital status or the birth of children. Every person faces moments of choice in life and it is always possible that you may choose to forgo the opportunities offered at this time. Moving forward usually marks a separation process from the past, a time during which anything that no longer supports your life purpose is being broken down and remoulded, or discarded. This paves the way for new responsibilities to be shouldered as you move into the next cycle. You may feel overwhelmed and thus choose to maintain the status

quo. As such you will then face the same lessons in another 29 years at your second Saturn return. The second Saturn return occurs around the age of 58. If you have faced the trials early in life then you are likely to enjoy this period. You can look back with satisfaction on your achievements thus far and make sensible and rewarding plans for the future. Adjustments are challenging, but manageable. If you avoided facing your fears earlier in life then this period may be a little more difficult. You may have a sense of failure, realizing that you could have embraced change much earlier. It is important, during both of these life-changing periods, that you acknowledge your achievements rather than highlight your inadequacies. This is a time to focus on the positive and learn the lessons rather than judge yourself, or others, harshly. As such both of these periods are enriching and offer invaluable opportunities for gaining wisdom and understanding.

Dec 23 2022 *(Dec 10 2022 to Jan 5 2023)*

TRANSITING CHIRON SQUARE RADIX NORTH NODE - Your life is changing in subtle ways right now. You are questioning your values and wondering about the future. You are also pondering of past events and old friends. Old photograph albums may come out of the closet. Sentiment plays a strong role in this phase of your life, either through the acquisition of sentimental items or the need to give away mementoes. You feel the urge to visit familiar places or people from the past. You may also welcome unexpected visitors from previous phases of your life. These visitors may be carrying a subtle message for you. Try to search for the hidden meaning behind the events and people who are currently appearing or disappearing from your life. The lesson is to focus on spiritual, rather than material, purpose of your life. Now is the time to face your fears and move towards your true purpose. You need to let go of emotional hurts, which stand in your way and take action. Feel the fear and do it anyway. This way you will be open to making changes in your life which more fully reflect your true nature and spiritual purpose. You discover that your life is rich with many blessings that have nothing to do with money or finances and everything to do with love, hope and charity.

TRANSITING JUPITER SQUARE RADIX MERCURY - Generally speaking this is a positive time during which you receive good news, positive outcomes to transactions and easy execution of your goals and plans. You are open-minded and eager to share ideas with other people. You are confident in your own opinions. However, you do have to be careful how you go about your business. On the one hand you are confident and optimistic and other people respond positively with special gifts, support and favours. However, you also have the tendency to be grandiose, lacking tact and diplomacy. In other words, if you are not careful, you can be opinionated and blunt. Others may be quick to point out these faults, which you find irritating rather than helpful. Before you know it your positive dealings have spiralled into a maze of mis-communications. This is easily avoided if you show some restraint in your communications with others. Once you

have learned diplomacy then you are likely to benefit from anything that involves contracts, transactions, study, teaching, travel and the media.

You are clear that you are heading in the right direction and feel confident of success. And it's true. You do have the drive and good fortune to achieve success during this stage. This is an excellent time to spend plenty of time and energy on your favourite project, with an assurance of reaping what you have sown. You may also enjoy channelling some of your energy into your favourite sporting activities. However, during this phase you are in danger of going over the top in your efforts to achieve your personal goals. You may jeopardise your success through impatience with yourself and others, thus alienating those who are in a position to support your goals. Perhaps you are having difficulty seeing things in perspective and fail to listen to those closest to you when they say that you are being a little rash and stubborn. You feel that you have put so much time and energy into certain areas of your life, and now others are threatening your success with their unnecessary pessimism. This may or may not be true. It is possible that others are threatened by your success; but it also may be that you need to slow down a little and exercise some restraint. The lesson is all things in moderation. You can achieve success during this stage, as long as you maintain your diplomatic skills.

TRANSITING JUPITER OPPOSITION RADIX MOON - Are your loved ones advising you to consider your actions more carefully of late? Perhaps you have been feeling exuberant and unwittingly making rash decisions. On the other hand your decisions may have been wise, based on your confidence and experience. Only you can know the answer to these questions. However, you would be well advised to take a few moments to consider your decisions before rushing in. Life has been pretty exciting and you are feeling happy. No one wants to deflate your enthusiasm, however; your loved ones may be asking that you slow down and consider their needs too. Therefore you may be in conflict with your loved ones as issues arise surrounding emotional needs. It may be that you or your partner is being particularly demanding during this time, or it could be that an external influence has sparked emotional insecurities. On the other hand it is also possible that you receive gifts and extra support from your friends and family during this

phase. Perhaps they admire your goals and want to help you achieve them. As a result you may receive unexpected rewards. On the whole this is a happy time during which you move closer to your dreams and wishes and enjoy life.
